On February 20, 2013, Mr. Webb was given a random drug test. The initial urine sample was diluted and not viable for testing. Mr. Webb provided several more samples and all were diluted. Mr. Webb then admitted to this officer that approximately two to three weeks prior he was given a cigar by a coworker. He reported that after he started smoking the cigar, the coworker told him it was laced with synthetic marijuana. Mr. Webb reported that the cigar made him physically ill. He denied any further use. When a valid urine sample was finally obtained from Mr. Webb it was negative for illegal drug use, including synthetic marijuana.

Compliance with Supervision Conditions and Prior Interventions:

Mr. Nigel Webb began his term of supervised release on February 13, 2012. He is currently scheduled to complete his term of supervised release on February 12, 2022.

Mr. Webb is currently receiving sex offender treatment through Centerstone at Luton. He is in compliance with this treatment and passed his last polygraph examination. Mr. Webb has passed all of his drug screens since starting supervision. Mr. Webb has ongoing employment and housing issues, which Mr. Webb, AFPD Wooten, and this officer have worked closely together to try and resolve.

U.S. Probation Officer Recommendation:

It is respectfully requested that no action be taken by the Court at this time, however, should there be further violations requiring Court action, it is requested that these matters be heard at that time.

The United States Attorney's office has been consulted and concurs with this recommendation.
